

Research pack — not legal advice. Confirm with Compliance, Legal, and SBP before go-live.

EMI wallet KYC / CDD documentation

Customer-facing onboarding for an SBP-licensed e-money issuer. Wallet is not a bank deposit. Limits follow EMI Regulations §14. Process follows the Consolidated Customer Onboarding Framework.

Customer journeys UJ-E01–E20

§12 / §14

CDD at issuance, then limit ladder

2 WD

Individual wallet decision TAT

A–D

Classified throughout the pack

Onboarding ladder

The first three journeys are one instrument with rising verification — not three products. SBP: EMI §12 issuance, §14 limits, Consolidated Framework §F.1 for opening or category upgrade.

UJ-E01

Verisys wallet

Digital open, 2FA, consents, live photo, TFS, NADRA Verisys.

50k / month · 10k cash-out/day · EMI \$12 + \$14.II

UJ-E02

NADRA BV upgrade

Same wallet. Biometric verification. No silent 400k. Selfie is not BV.

400k commercial / 200k pilot · EMI \$14.II

UJ-E03

Enhanced 1M

Commercial licence + PSP&OD. Annexure-J, CNIC-SIM pairing, TMS, CRP. Not outsourced.

Up to 1,000,000 · EMI \$14.III

Start by role

Do not treat Digital Retail Bank deposit rules as EMI wallet rules.

Compliance / Legal

SBP CDD framework, then compliance mapping and the clause catalog.

Product / UX

Happy-path screens, then the 20-journey catalog and explorer.

QA

Click each path in the explorer. Cross-check state machine and QA IDs.

Solution / Backend

Services, state machine, then API specification.

Data

Model and diagrams. Limits live in policy, not only in the app UI.

Security

2FA, alerts, audit. Device bind is C until enhanced SIM pairing (A).

Document library

Open these in the browser as formatted pages. Markdown files remain the editable source.

How tags are used

A Mandatory SBP / law

Must implement. Do not weaken in UX.

B Regulatory expectation

Effective AML-KYC control even if not a named widget.

C Industry practice

Common among EMIs; not a specific SBP tech mandate.

D EMI choice

Channel, copy, or product flag for this issuer.
